Getting started with your College committee

To: Katerina Barcal

Dear Katerina Barcal:

The American College of Allergy, Asthma & Immunology thanks you for volunteering your time and expertise for the following committees beginning on November 20, 2018 through November 16, 2020.

Asthma Committee (Staff Liaison)

Anaphylaxis Committee (Staff Liaison)

We would like to share a few resources that may be helpful as you begin your committee work:

- Governance Manual** – Contains an [overview of the College's governance](#) with a complete list of councils and committees. You will find important information related to committee participation (and what is expected from each member) on page 11 under the Committees section.
- Committee Directory** – Every committee has a page on the College member website with a list of members and their email addresses. We recommend adding [your committee's page](#) to your bookmarks for future reference.
- Basecamp** - A project management site used by College committees to get organized and share information (please see the "[Getting Started in Basecamp](#)" handout for an overview of key features). If you are new to Basecamp, you will receive instructions on how to set up your account in November as you begin your appointment.

We look forward to your participation. Should you have any questions, please don't hesitate to contact me at katerinabarcal@acaai.org or 847-725-2283.

Best,
Katerina Barcal, MPH
Governance Manager
